Independent Auditors' Report

Board of Directors
Mission Hills Community Services District
Lompoc, California

We have audited the accompanying statement of net assets of Mission Hills Community Services District (the District) as of June 30, 2012, and the related statements of revenues, expenses and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the State Controller's *Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mission Hills Community Services District as of June 30, 2012, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 4, 2012, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Board of Directors

Mission Hills Community Services District

Page 2

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5-9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental *Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that taken as a whole. The schedules included in the supplemental information section are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**Mission Hills Community Services District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2012**

Our Management's Discussion and Analysis of the Mission Hills Community Services District's (the District) financial performance provides an overview of the District's financial activities for the year ended June 30, 2012. It should be considered in conjunction with the information within the body of the audited financial statements.

Mission Statement

The Mission Hills Community Services District is committed to providing the residents within the District reliable, high quality water and wastewater services in an efficient, cost-effective and environmentally safe manner.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the District's finances, combining the water, sewer, and street sweeping enterprise fund data.

The District's financial statements include four components:

- Statement of Net Assets
- Statement of Revenues, Expenses and Changes in Net Assets
- Statement of Cash Flows
- Notes to Financial Statements

The Statement of Net Assets includes all of the District's assets and liabilities, with the difference between the two reported as net assets. The Statement of Net Assets provides the basis for evaluating the capital structure of the District and assessing its liquidity and financial flexibility.

The Statement of Revenues, Expenses and Changes in Net Assets presents information, which shows how the District's net assets changed during the year. All of the year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The Statement of Revenues, Expenses and Changes in Net Assets measures the success of the District's operations during the year and determines whether the District has recovered its costs through user fees and others charges.

The Statement of Cash Flows provides information regarding the District's cash receipts and cash disbursements during the year. This statement reports cash activity in three categories:

- Operating
- Capital and Related Financing
- Investing

This statement differentiates from the Statement of Revenues, Expenses and Changes in Net Assets by only accounting for transactions that result in cash receipts or cash disbursements.

**Mission Hills Community Services District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2012
Page 2**

The government-wide financial statements can be found on pages 10 to 12.

The Notes to the Financial Statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by accounting principles generally accepted in the United States of America that are not otherwise present in the financial statements.

The notes to the financial statements can be found on pages 13 to 19.

Financial Highlights

- Combined net assets were \$9,877,484 on June 30, 2012. There was a change of \$(591,941) in the Operations Fund, \$78,620 in the Water Fund, \$151,223 in the Sewer Fund and (\$1,822) in the Street Sweeping Fund.
- Combined revenue was \$1,281,178, which consisted of water charges, wastewater charges, rate stabilization, street sweeping charges, and various service charges.
- Combined expenses were \$1,664,613, which consisted primarily of salaries, benefits, depreciation, insurance, office expenses, operating expenses, professional services, travel, utilities, chemicals and repairs and maintenance.

Government-Wide Financial Analysis

Net Assets

Net assets may serve over time as a useful indicator of the District's financial position. Assets exceeded liabilities by \$9,877,484 as of June 30, 2012.

The largest portion of net assets reflect investment in capital assets (i.e. land, easements, wells and pumping, mains and distribution systems, buildings and improvements, vehicles, furniture, and equipment). The District uses these capital assets to provide services to the residences of the District; consequently, these assets are not available for future spending.

The next largest portion of net assets is reserved for future spending. This portion includes cash and investments.

**Mission Hills Community Services District
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2012
Page 3**

Please see Table A below for a current year to previous year comparison of the District’s assets and liabilities.

**Table A
Statement of Net Assets
June 30, 2012**

	2012	2011	% Change
Assets:			
Current assets	\$ 3,994,287	\$ 4,285,899	-6.8%
Capital assets	<u>6,028,199</u>	<u>6,128,282</u>	-1.6%
Total assets	<u>10,022,486</u>	<u>10,414,181</u>	-3.8%
Liabilities:			
Current liabilities	94,776	120,993	-21.7%
Long-term liabilities	<u>50,226</u>	<u>51,784</u>	-3.0%
Total liabilities	<u>145,002</u>	<u>172,777</u>	-16.1%
Net assets:			
Invested in capital assets	6,028,199	6,128,282	-1.6%
Unrestricted	<u>3,849,285</u>	<u>4,113,122</u>	-6.4%
Total net assets	<u><u>\$ 9,877,484</u></u>	<u><u>\$ 10,241,404</u></u>	-3.6%

The following are significant current fiscal year transactions that have an impact on the Statement of Net Assets:

- Current assets have decreased by \$291,612 due primarily to cash expenditures for waste water plant equipment upgrades and the repairs to Well #6 and #7. These improvements were driven by regulator action and equipment failure.
- Total liabilities have decreased primarily due to an \$11,054 decrease in accounts payable and a \$17,661 decrease in accrued payroll.
- Regular straight-line depreciation for the fiscal year ending June 30, 2012, decreased capital assets by \$300,147, offset by increases in capital assets of \$71,050 and \$129,059 for water and waste water plant equipment upgrades.

Revenues, Expenses, and Changes in Net Assets

The District’s financial position results from operating activities, investment activities, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Page 4**

Please see Table B below for a current year to previous year comparison of the districts revenues, expenses and changes in net assets.

**Table B
Statement of Revenues, Expenses and Changes in Net Assets
June 30, 2012**

	2012	2011	% Change
Assets:			
Operating revenues	\$ 1,281,178	\$ 1,203,116	6.5%
Nonoperating revenues, net	<u>19,515</u>	<u>24,276</u>	-19.6%
Total revenues	<u>1,300,693</u>	<u>1,227,392</u>	6.0%
Depreciation expense	300,147	272,188	10.3%
Operating expense	<u>1,364,466</u>	<u>1,302,713</u>	4.7%
Total expenses	<u>1,664,613</u>	<u>1,574,901</u>	5.7%
Change in net assets	(363,920)	(347,509)	4.7%
Beginning net assets	<u>10,241,404</u>	<u>10,588,913</u>	-3.3%
Ending net assets	<u>\$ 9,877,484</u>	<u>\$ 10,241,404</u>	-3.6%

The following are significant current fiscal year transactions that have had an impact on the Statement of Revenues, Expenses and Changes in Net Assets:

- Water revenues exceeded projections by \$7,796 and wastewater revenues exceeded projections by \$7,504.
- Total expenses were \$89,712 greater than last fiscal year, and \$98,982 higher than projected.

Economic Outlook

Currently the District is increasing its revenue base while the customer base remains constant. The District is land locked and unable to experience any large growth in customer base. The general economic trend has been in a negative direction. In response to these negative conditions, an engineering study was conducted to determine the true cost to provide services. Based on this study, the District has instituted a rate increase; the first one in seven years. This action has been required due to numerous facts such as: decreased interest earnings from District accounts, repairs and maintenance of District equipment, as well as regulatory directed expenses. The major economic events of this fiscal year were the failure of well #7 and #6, and the regulator action (Notice of Violation) from the California Regional Water Quality Control Board concerning the Waste Water Treatment Plant. This resulted

**Mission Hills Community Services District
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2012
Page 5**

in a large construction project to replace and upgrade the failed infrastructure, as well as increased legal fees required in order to respond to the requirements of the Regional Water Quality Control Board. These increased funding requirements have caused the District to complete the Proposition 218 requirements in order to obtain the required rate increases in the Water, Wastewater, and Street Sweeping Funds.

The District has upgraded its infrastructure by improving the wastewater headworks and installing a new Muffin Monster and Auger Monster as well as the required electrical and mechanical upgrades. These upgrades were approximately \$110,000. The monitoring well was completed in August 2011 at a cost of approximately \$50,000. The meters currently in operation at the District are in excess of 13 years old, while the industry standard for meter life is 10 years. A replacement program was continued this fiscal year to replace 10% of the meters with Automatic Meter Reading type meters. The District has completed 42% of the replacement program to date. This project is anticipated to improve revenue collection as well as reducing the labor cost required to do monthly meter reading. The District has completed the following projects: installed a windmill, rebuild the complete top end of the Well 6 engine, and removed and replaced the filter media in the Water Treatment Plant. The District has entered into negotiations with California State Parks in order to provide two alternate well sites required for future use.

Contacting the District

This financial report is designed to provide the District's customers and other interested parties with an overview of the District's financial operations and financial condition. Questions concerning any of the information in this report or requests for additional information should be addressed to the General Manager, Mission Hills Community Services District, 1550 Burton Mesa Boulevard, Lompoc, CA 93436.

The accompanying notes are an integral part of these financial statements.

Mission Hills Community Services District
Notes to Financial Statements
June 30, 2012

Note 1: Nature of Business

The Mission Hills Community Services District (the District) began operations in November of 1979, under the authorization of Section 61000, et. seq., of the Government Code of the State of California, for the purpose of providing water and wastewater disposal services. Prior to the formation of the District, these services were provided by Park Water Company. The District is a political subdivision of the State of California and operates under a Board of Directors – Manager form of government.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities. The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). Under the accrual basis, revenues are recognized when earned and expenses are recognized when incurred.

The District follows private-sector standards of accounting and financial reporting issued prior to December 1, 1989 to the extent those standards don't conflict with or contradict guidance of the GASB. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds subject to this same limitation. The District has elected not to follow subsequent private-sector guidance.

The principal operating revenues of the District are sewer and water usage charges and other related income. Interest income is considered non-operating revenue. When both restricted and unrestricted revenues are available for an expense, the District's policy is to use restricted revenues first, and then unrestricted fees as they are needed.

Budgets and Budgetary Accounting

An annual budget is adopted by the Board of Directors at the start of each fiscal year. Any changes or revisions to that budget throughout the year must be approved by the Board of Directors.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 2

Note 2: Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The District considers all demand deposits in banks and in the Santa Barbara County and Local Agency Investment Fund pooled investment account to be cash and cash equivalents.

Services and Interest Receivable

The District's services receivable is comprised of water, wastewater, and street sweeping fees billed on a monthly basis. Customer receivables are written off in full when the receivable is deemed totally uncollectible. At June 30, 2012, the allowance for uncollectible services receivable was \$42,666.

Interest receivable represents interest due to the District for the quarter ended June 30, 2012 from Santa Barbara County and the Local Agency Investment Fund.

Prepays and Deposits

Payments made to vendors for services that will benefit any period beyond June 30, 2012 are recorded as prepaid expenses or deposits. Prepaid expenses and deposits at June 30, 2012 totaled \$30,360.

Property and Equipment

Depreciation is provided for on a straight-line basis over the estimated useful lives of the assets. The estimated useful lives of the assets are as follows:

Office furniture and fixtures	5-15 years
Machinery and equipment	2-25 years
Supply distribution system	10-75 years
Building and improvements	10- 40 years
Treatment collection system	10-100 years
Vehicles	7 years

All purchased fixed assets are valued at historical cost. Donated fixed assets were recorded at their estimated net book value when the District was formed. Other donated fixed assets are valued at their estimated fair value on the date received. It is the policy of the District to capitalize assets that have a unit cost of more than \$5,000.

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 3

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Events subsequent to June 30, 2012, have been evaluated through October 4, 2012, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.

Note 3: Cash and Cash Equivalents

District cash at June 30, 2012, consisted of the following:

Deposits	
Cash in bank	<u>\$ 195,532</u>

Custodial Credit Risk-Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk in addition to the California Government Code collateral requirements. Cash balances held in bank are insured up to \$250,000 by the Federal Deposit Insurance Corporation. All deposits held by financial institutions are fully insured or collateralized with securities, held by pledging financial institutions' trust departments in the District's name.

District pooled investments at June 30, 2012, consisted of the following:

Pooled Investment Funds:	
Cash in Santa Barbara County Treasury	\$ 1,337,426
Cash in Local Agency Investment Fund (LAIF)	<u>2,392,441</u>
	<u>\$ 3,729,867</u>

The Board has established certain restrictions on cash for purposes including replacement, emergency and development reserves. Total cash restricted by board designation at June 30, 2012 was \$2,797,400.

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 4

Note 3: Cash and Cash Equivalents (Continued)

Cash in County Treasury

The District maintains a portion of its cash in the Santa Barbara County Treasury, an external investment pool. The County pools these funds with those of other governmental entities in the county and invests the cash. These pooled funds are carried at fair value. Interest is earned based on average daily balance and is deposited quarterly into the participating funds. Any investment gains and losses are proportionately shared by all funds in the pool. The County is restricted by the California Government Code to invest in obligations issued by the United States Treasury; obligations, participations, or other instruments of or issued by a federal agency or a United States government sponsored enterprise; obligations of State and local agencies of this State; bankers acceptances; commercial paper; negotiable certificates of deposit; repurchase agreements; medium-term corporate notes; as well as other investments established by the California Government Code. The County's report discloses the required information in accordance with Governmental Accounting Standards Board Statements No. 3 and 40. Pooled investments are not required to be categorized by risk category.

Local Agency Investment Fund (LAIF)

The District maintained investments with the State of California Local Agency Investment Fund (LAIF). The LAIF is an external investment pool sponsored by the State of California. These pooled funds approximate fair value. The administration of the LAIF is provided by the California State Treasurer and regulatory oversight is provided by the Pooled Money Investment Board and the Local Investment Advisory Board. State statutes, bond resolutions, and LAIF investment policy resolutions allow investments in United States government securities, negotiable certificates of deposit, bankers' acceptances, commercial paper, corporate bonds, bank notes, mortgage loans and notes, other debt securities, repurchase agreements, reverse repurchase agreements, equity securities, real estate, mutual funds and other investments. The LAIF's report discloses the required information in accordance with Governmental Accounting Standards Board Statements No. 3 and 40. Pooled investments are not required to be categorized by risk category.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District investment policy allows the District to have monies invested in the Santa Barbara County pooled investment fund and the LAIF. Both the Santa Barbara County Treasury pooled investment fund and the LAIF are unrated.

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 5

Note 3: Cash and Cash Equivalents (Continued)

Concentration of Credit Risk

The risk that an issuer of an investment may not fulfill its obligation to the holder of the investment is called credit risk. The investment policy of the District allows the District to maintain an operating account at a commercial bank, maintaining approximately one month's average expenditures in the account. District funds not specified for deposit or investment elsewhere are held in various accounts with the Santa Barbara County Treasurer's office. The policy also directs the District to establish and maintain an account with LAIF and provides guidelines for allocation of funds. At June 30, 2012, the District's investment in the Santa Barbara County Treasury represented 36% and the LAIF represented 64% of the total amount invested in pooled investment funds.

Note 4: Property and Equipment

At June 30, 2012, property and equipment consisted of the following:

	<u>Balance</u> <u>June 30, 2011</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance</u> <u>June 30, 2012</u>
Land	\$ 431,163	\$	\$	\$ 431,163
Plant and equipment	9,464,952	200,109	(64,279)	9,600,782
	9,896,115	200,109	(64,279)	10,031,945
Less accumulated depreciation	(3,767,833)	(300,147)	64,234	(4,003,746)
Property and equipment, net	<u>\$ 6,128,282</u>	<u>\$ (100,038)</u>	<u>\$ (45)</u>	<u>\$ 6,028,199</u>

Note 5: Long-Term Liabilities - Compensated Absences

At June 30, 2012, long-term liabilities consisted of the following:

	<u>Balance</u> <u>June 30, 2011</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>June 30, 2012</u>	<u>Current</u> <u>Portion</u>
Compensated absences	<u>\$ 87,330</u>	<u>\$ 40,320</u>	<u>\$ (40,295)</u>	<u>\$ 87,355</u>	<u>\$ 37,129</u>

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 6

Note 6: Service Revenues

The operations of the District are primarily funded through the collection of service fees for connection fees, water, wastewater, and street sweeping services provided for by the District. Revenues earned by type during the year ended June 30, 2012, were as follows:

Water charges	\$	755,787
Wastewater charges		483,622
Street sweeping charges		<u>16,167</u>
Total	\$	<u>1,255,576</u>

Note 7: Employee Benefit Plan

The District is currently participating in a FTJ FundChoice governmental eligible 457 plan administered by Bayhill Advisors, Inc, effective January 1, 2007. The Mission Hills CSD 457 Plan is a defined contribution plan and covers all employees of the District. Employees elect to contribute a portion of their salary to the plan with no limitations other than those legally imposed. An employee can also elect to contribute their social security taxes in lieu of paying into social security and the District contributes the employer portion as well. All other District contributions are discretionary and all contributions are vested 100% immediately. Assets are held separately from the District's funds. The total pension expense was \$37,636 for the year ended June 30, 2012. Contributions by plan members were \$49,251 for the year ended June 30, 2012.

Note 8: Risk Management

The District is a member of the Association of California Water Agencies Joint Powers Insurance Authority (ACWA/JPIA), which was organized for the purpose of providing general liability, automobile, errors and omission, and property loss insurance coverage to water agencies. The ACWA/JPIA is financed through premium charges to each member. The ACWA/JPIA does not meet the reporting entity criteria and is therefore not included in the accompanying financial statements.

The ACWA/JPIA is administered by a board of directors, consisting of one member of each participating water agency. In addition, the water agencies' board members and staff are eligible to participate on the various committees and subcommittees of the ACWA/JPIA. The board is responsible for establishing premium rates and making budgeting decisions.

Mission Hills Community Services District

Notes to Financial Statements

June 30, 2012

Page 7

Note 8: Risk Management (Continued)

Coverage under current policies provide for the District to pay for the first \$2,500 of property loss for buildings, personal property, fixed equipment, and mobile equipment and the agency to pay for the next \$497,500. There is a \$1,000 deductible for licensed vehicles. The auto and general liability program has no deductible. Property losses are limited to the value of the property as assessed by the ACWA/JPIA. The ACWA/JPIA is self-insured for the first \$500,000. Claims over the self-insured amounts are covered by a group purchased commercial insurance policy. Each member district is assessed a premium in accordance with the JPIA agreement, creating the ACWA/JPIA.

Condensed financial information of the ACWA/JPIA was as follows:

	<u>September 30, 2011*</u>
Total assets	\$ 126,769,966
Total liabilities	<u>79,457,922</u>
Net assets	<u>\$ 47,312,044</u>
Total operating revenues	\$ 28,149,474
Total nonoperating revenues	1,446,926
Total operating expenses	<u>(26,286,230)</u>
Net increase in net assets	<u>\$ 3,310,170</u>

* Latest information available.

Note 9: Commitments and Contingencies

On December 2, 2010, the District received a Notice of Violations from the Regional Water Quality Control Board (RWQCB) for alleged non-compliances associated with its Waste Discharge Requirement Order 97-035 for the Wastewater Treatment Plant. The Notice of Violations required the District to take immediate actions necessary to ensure compliance with Order No. 97-035 and to submit a report addressing the violations described in the Notice of Violations. The Notice of Violations states that the District may be subject to civil liability of up to \$1,000 per day for each day in which the violation occurs.

The District submitted a Corrective Action Plan and Implementation Schedule to the RWQCB on February 28, 2011. The District has substantially followed up with the RWQCB updating them on the status of the District's efforts made consistent with its Corrective Action Plan, which has been completed. The District is still awaiting a formal written response from the RWQCB. As such there is no estimate of the potential financial impact to the District and nothing has been recorded for this potential contingency in these financial statements. The District estimates that the potential liability will not be significant, but it could be material to these financial statements.

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards***

Board of Directors
Mission Hills Community Services District
Lompoc, California

We have audited the financial statements of Mission Hills Community Services District as of and for the year ended June 30, 2012, and have issued our report thereon dated October 4, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Mission Hills Community Services District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Mission Hills Community Services District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Mission Hills Community Services District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Mission Hills Community Services District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying Schedule of Findings and Recommendations, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies in internal control over financial reporting, described in the accompanying Schedule of Findings and Recommendations as items 12.01 and 12.02 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mission Hills Community Services District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, the County of Santa Barbara and the California State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

Mission Hills Community Services District
Schedule of Findings and Recommendations
Year Ended June 30, 2012

Finding 12.01: Restricted Reserves (Material Weakness)

The Board passed Board of Directors Resolution #102 in November 1991, titled “Depreciation, Restricted Reserves, Allocation of Interest Income” that details, among other things, the reserves that should be set up by the District on a regular basis to ensure there will be proper cash assets available to replace systems as required. These reserves include: replacement reserves, established at least quarterly; development reserves, established when connection fees are received from developers; and emergency reserves, established annually. The policy also describes how interest on these funds should be allocated.

At June 30, 2010, June 30, 2011 and June 30, 2012, there were some investment funds set aside in Board restricted accounts, however, management has not been reviewing these reserves in accordance with the policy. Management was made aware of this issue in fiscal year 2009 and a decision was made to prioritize the property and equipment physical observation in fiscal year 2010 before assessing the needs of the restricted reserves, believing that they needed to have a proper accounting of their assets before establishing the reserves.

In 2010, the District felt they needed to address a previous investment policy recommendation before establishing the restricted reserve accounts. In the current year the investment policy was addressed and management is aware that this issue is still unresolved. As this finding has not been addressed by the District for the past three years, it is again included as a material weakness.

Recommendation: We recommend that the Board review the existing reserve requirements and determine the appropriate level of required reserves, setting these aside in restricted accounts. We also recommend that they establish a policy for reviewing and setting these reserves and follow it going forward. The policy should include a methodology for establishing the reserves, the required frequency of review, and an annual evaluation, documented in the Board of Director minutes, of existing reserves.

Finding 12.02: Inadequate Segregation of Duties (Material Weakness)

There are generally four phases for an accounting process or operation: authorization, custody, record keeping and reconciliation. A well-designed system of internal control contemplates the allocation of duties among personnel such that each of these four functions would be performed by a different person. Management has informed us that based upon the size of the District, they believe the cost to employ a sufficient number of employees with sufficient education and training to accomplish this would be cost prohibitive. While the District does not have all four phases of their accounting processes segregated, they have designed their controls to limit the potential of a material misstatement by having mitigating controls in place to detect any material misstatements that might occur. This includes detail oversight review of the trial balance on a monthly basis by both the District Manager and District Bookkeeper.

Mission Hills Community Services District
Schedule of Findings and Recommendations
June 30, 2012
Page 2

Recommendation: We recommend that the District continue to evaluate the assignment of responsibilities and authority in the accounting department and segregate duties to the best of their ability given the size of the District and the resources available.
