

Detailed Inventory

Date Last Updated: 9/23/2024

Purpose of this worksheet: To provide a template for water systems to track materials for each service line in their distribution system.

General Instructions: Each row in this worksheet represents one service line connecting the water main to the customer's plumbing. The columns with the aqua shading are required for the Inventory Summary tab. Note that users can freeze panes to enable them to see the headings and notes when entering data. The worksheet includes example rows and is formatted for approximately 35,000 entries. Please refer to the red triangle in the upper corner for additional instructions.
